

CABANA - January 2016

NEWSFLASH

HAPPY NEW YEAR 2016!
WE ARE GETTING CLOSER TO OUR GOAL OF 2200 ENROLLED SUBJECTS BUT.... IT MEANS THAT ENROLLING 1-2 SUBJECTS A MONTH PER SITE IS NEEDED TO MAKE IT POSSIBLE!
Currently, there are 2,100 patients enrolled globally!

Overall Enrollment:

A Big Thank You to all of you and your tireless effort to enroll patients and to contribute to this high patient number we have until now!

The next and final enrollment milestone is to reach the 2,200th enrolled patient
by the **End of March 2016!**
Please support us to reach this ultimate milestone

InForm Data Status

The InForm Data Status has dropped below 90% for some countries—Your support is needed to keep the level above 90% !

Please answer open queries and enter late visits for your patients as soon as possible into the InForm Sys-

InForm Data Entry: Hospitalization regarding Initial Therapy

Due to a recent Data Safety Monitoring Board (DSMB) interest in CABANA hospitalization events it has become necessary to systematically collect all CABANA hospitalization events for patients' initial therapies in the InForm system. This will include all past, present and future hospitalization events regarding initial therapy, regardless of whether the safety criteria has been met or not.

If you happen to have any other hospitalization event(s) which may need to be reported, please do so accordingly.
